PROFESSIONAL SUMMARY

Computer Science undergraduate specializing in Artificial Intelligence and Machine Learning, with hands-on experience in building data-driven solutions and end-to-end machine learning projects. Proficient in Python, Machine Learning, and Data Analysis, with a strong interest in solving real-world problems through technology and continuous learning.

EDUCATION

Chandigarh University

Bachelor of Engineering in Computer Science – AI & Machine Learning

July 2024 – May 2028

Mohali, Punjab

– CGPA: 8.0 / 10.0

TECHNICAL SKILLS

Programming Languages: Python, C, C++, SQL

Machine Learning & Deep Learning: Scikit-Learn, PyTorch, TensorFlow, Keras, OpenCV

Data Analysis & Visualization: NumPy, Pandas, Matplotlib, Seaborn, Tableau, Power BI

Tools & Platforms: MySQL, Git, GitHub, Jupyter Notebook, Google Colab, Streamlit, Microsoft Excel

Core Concepts: Machine Learning, Deep Learning, Feature Engineering, Exploratory Data Analysis (EDA), Data Preprocessing, Neural Networks, Computer Vision, Natural Language Processing (NLP), Data Structures & Algorithms, Object-Oriented Programming (OOP).

PROJECTS

End-to-End Customer Churn Prediction System | [GitHub](#) | [Live Demo](#)

Python, Scikit-Learn, Logistic Regression, Random Forest, Streamlit

- Developed a complete machine learning pipeline to predict customer churn on the IBM Telco Customer Churn dataset (7,000+ records).
- Conducted thorough data cleaning, feature engineering, and exploratory data analysis (EDA) to improve data quality and reduce noise prior to modelling.
- Built and evaluated Logistic Regression and Random Forest classifiers using Accuracy, Precision, Recall, F1-Score, ROC-AUC, and Confusion Matrix.
- Achieved **80.84% Accuracy** and **84.67% ROC-AUC** with the Logistic Regression model; results reported alongside confidence intervals to support data-driven business decisions.
- Deployed the model to Streamlit Cloud, providing real-time churn prediction through an interactive web application accessible to non-technical stakeholders.

CERTIFICATIONS

Fundamentals of Deep Learning – NVIDIA Deep Learning Institute, Jul 2025
